Relief & Response Amid Turmoil & Chaos

Since October 6, 2018 Haiti has been all shook up.

As if the deadly 5.9 magnitude earthquake in Northwest Haiti followed by multiple aftershocks were not enough, political and civil unrest instigated by power-hungry coups that would like to overthrow the current government and gang wars have been rumbling through the island.

Street manifestations, road blocks, fuel, food and water shortages, an historic devaluation of the Haitian dollar and violence, and the U.S. Department of State Level 4 Travel Advisory, have added more quivers to an already economically crippled country.

*"For God hath not given us the spirit
not of fear: but of power and of love
and a sound mind."*

~ II Timothy 1:7

Despite the instability, Missions Of Love continues to stand firm on the foundation of Jesus Christ by showing Christ's love to His people of the Artibonite region by providing food for the hungry, safe water to drink, medical treatments to the sick and continues to share the Gospel message to the destitute of soul.

Will you please continue to join us in prayer for peaceful resolutions for Haiti and that Missions Of Love may begin to safely take teams back into the land of Haiti?

Dale Breedlove
Missions Of Love
President

Our Vision and Plans

On behalf of all the directors, I would like to thank all our brothers and sisters for your long-time and very generous support of Missions Of Love.

Just to let you know, our current and future plans are in keeping with the purposes that Missions Of Love was organized: *"To call the people of Haiti to salvation through the acceptance of Jesus Christ as their personal savior, and minister to the spiritual, physical, emotional, and educational needs of the people of Haiti, or any other areas where there is a need of service."*

We will continue to preach the gospel of Jesus and assist local churches to disciple the believers. At various times we will host teaching conferences to strengthen church leadership, women's ministries and children ministries.

A Haiti Christian Mission

I ENJOYED PACKING A BARREL OF VEGETABLE SEEDS
WITH RALPH AND BARBIE. FELT LIKE OLD TIMES,
BROUGHT BACK MEMORIES. PRAYING THE SEED
PRODUCES A LOT OF FOOD FOR OUR HAITIAN
FAMILIES.

Betty Johnson, MOL Co-Founder

On April 2, Missions Of Love Directors Ralph and Barbie Porter hitched up an 8' x 14' U-haul trailer to their pick-up truck and headed South to Miami towing 17 barrels of supplies bound for a watery expedition to the land of Haiti.

The barrels filled with medical and dental supplies and materials to aid in the remodel/rebuild project for Clinique Jolivert were the result of several of Missions Of Love's generous supporters.

The Porter's trip included a stop along the way at the home of MOL's co-founder, Miz Betty Johnson, to load one final barrel before continuing south to Miami.

The barrels were left at the Miami dock on April 4, made it to their Haitian port destination on Easter Sunday, and safely arrived at Clinique Jolivert on April 23. Praise The Lord!

Thank you to all who prayed, paid, and donated to make these Barrels of Blessings available.

While in the midst of remodeling and maintaining the current facilities due to damages caused by the October 2018 earthquake, **a new medical building** is planned to start construction this year. Dr. Asa Talbot, a MOL Director, along with his wife, Jean, who are the co-founders of the MOL Eye/Ear Clinic, are also planning an operating suite for cataract removal and other out patient surgeries.

"Our current and future plans are in keeping with the purposes that Missions Of Love was organized"

The encouragement and support to area young men and women to become doctors, nurses, dentists, vision technicians and other health care workers will continue. Our outstanding MOL Haitian staff has worked hard to develop good community and governmental relationships and reputation. As facilities and services increase, we plan to add to the staff and work to the develop future leaders.

Future leadership in Haiti and in the American board of directors is a priority we will continue to address in the next few years. Thank you again, for walking along side us in this journey for Jesus in Jolivert, Haiti.

In Jesus' Service,

A handwritten signature in cursive script, likely belonging to Ralph Porter.

Missions Of Love Vision & Plans

Missions Of Love President, Dale Breedlove, answers questions about MOL Vision and Plans:

Q: What is the current annual budget and balance sheet of MOL?

A: MOL receives an average of \$155,000 annually in donations and expends an average of \$140,000. We currently have a bank account of nearly \$90,000 in designated and general funds to be used at the appropriate time.

Q: Are there specific organizational and ministry goals for 2019?

A: The Executive Committee will convene on July 13, 2019 for the annual board of directors meeting. The election of president is a priority. I am willing to continue in the office if the board so chooses. The main ministry goal is to be able for directors to again enter Haiti and safely travel to Jolivert, prayerfully, by summer.

Q: How many Haitian staff are currently active and what are their responsibilities?

A: Currently, we employ 20 Haitians. Blaud Mondesir is the Haitian Executive Director and Christophe Velcine is the Clinique Jolivert Director. There three

Missions Of Love Clinique Jolivert, built in 2003, is our main facility. It houses the Medical Clinic, Laboratory, X-ray department, Director's Office, Administrator's Living Quarters and Doctor's Apartment. This structure suffered extreme damage due to the October 2018 Earthquake. We are currently investigating the feasibility of removing the top story and then reinforce the first story and roof it, or whether the entire structure needs to be demolished and rebuilt.

nurses, one doctor, two lab technicians, one pharmacist, five health promoters, two aid ophthalmologists, a driver, a cook, cleaning and security people and many other personnel who are involved in different areas. Combined, they keep our MOL Campus up and running on a daily basis.

If you have questions about Missions Of Love you would like to have answered, please submit them to Vision & Plans, Dale Breedlove at kdbreedlove@tds.net

Blaud's Eggplant Casserole

1 – Peel the eggplant and slice it into pieces.
2 – Cook (fry) it then drain it. After cooking the eggplant make sure you drain all the liquid from it, or it will take too much time in the oven to dry out.
3 – Use a pan to put it in the oven.
4 – Use a grender (shreddable or choppable) meat, any kind you want. (chicken, goat, beef) Cook the grender meat. When it is finished cooking, drain the oil. Use a squellet (skillet) Prepare you spices like green onions, garlic, sweet pepper, slice them into pieces. Add oil in the squellet. Cook the meat with the spices for about 15-20 minutes. Add little (hot) pepper if you want little hot.

5 – Take pan (casserole type) put some of the eggplant in first in the bottom, the meat in the middle, then eggplant on top.

6 – Use a good cheese you like. Put it all around the eggplant then set it in the oven (350 degrees) for about 30 minutes.

Blaud Mondesir is our Haitian MOL Director who also serves as Hospitality and Kitchen Host.

Go ye therefore, and teach all nations, baptizing them...

In November 2018, the evangelistic husband/wife pastoring team of Bishop Darrell Cook and his wife, Pastor Tanya, of Bethseda Ministries in Evansville, IN paired up with Haitian pastors and parishoners of the Jolivert area in an outreach effort that included revival, Pastor's- Leadership Conference, Women's Conference and VBS led by Bethseda Ministries own Ministers Gary Woods and Candace Fairer. Fruits of their labors

also included the baptism of 19 precious souls in the Les Trois Rivières and the Dedication/Ordination of five members of the Bethseda Tabernacle Haiti led by Pastor Jean-Robert Louis XVI. To God be the glory!

10-Day Mission Trip

Volunteers Needed

- **Carpenters, Electricians, and Plumbers Needed**

Due to damage caused by the October 6, 2018 earthquake, MOL Maintenance Director, Ralph Porter is seeking workers willing to share their skills and expertise to help remodel existing Campus structures as well as help with new build projects. Can you lend a hand?

- **Medical/Dental Personnel Needed**

MOL began as a medical mission that used medicine to bring people to know Christ. Today, we are still seeking Doctors, Dentists and Nurses willing to walk alongside our Haitian staff to distribute medical/dental care to the people of Jolivet and those dwelling in the mountain villages in the Name of Christ. Will you consider practicing your faith in Haiti?

- **Mechanic Needed**

MOL has an Army duce and half we use for hauling water, supplies and Bush Clinic teams to and from the mountains. It is in need of some TLC. Did you know auto mechanics is a great ministry tool too?

- **Evangelistic Teams Needed**

We are continually growing and spreading the Good News to everyone who will listen. Conferences for Pastors/Leaders, Women and Youth, Bible studies, VBS, revivals, sports and music are great connect points with our Haitian brothers and sisters. Would you consider sharing your faith in Haiti?
